## **ML&R Establishes ACC Foundation Scholarship in Earl Maxwell's Name**

Maxwell Locke & Ritter is pleased to announce that it has established an endowed scholarship with the Austin Community College Foundation in honor of its founding Leading Partner, Earl Maxwell. He was a founding member of the ACC Foundation and a former chair. Under Earl's leadership, the ACC Foundation established a strong scholarship program which now awards over 250 scholarships annually.

"Earl's vision provided a roadmap for the ACC Foundation," says Tom Gallagher, Chair of the ACC Foundation. "His commitment to the value of education has assisted hundreds of students over the years."

Our CFO, David Bender, is a current Board member of the ACC Foundation, and he felt the decision to establish a scholarship in Earl's honor was a natural one. "Earl's early and ongoing support of the Austin Community College Foundation has done so much to shape our vision of expanding access to higher education and training throughout the Austin Community College District," says David. "Maxwell Locke & Ritter is happy to be able to perpetuate Earl's work through the establishment of an endowed scholarship."

The ACC Foundation was established in 1991 to expand higher education and training throughout the ACC District. Its mission is to raise funds to ensure student success and develop community support for the college. Board members share an inspired passion to assist ACC in achieving excellence, which, in turn, will impact our community, students, and employers. More than \$5 million has been raised through the ACC Foundation to support college programs and scholarships.
